Double-sided, wired headset for office professionals using Skype for Business.

# Activate the Potential of Unified Communications

Headsets are an important consideration in a major Unified Communications deployment. Providing the best tool for the job helps your people quickly adapt to new technologies and maximize the potential of your Unified Communications platform.

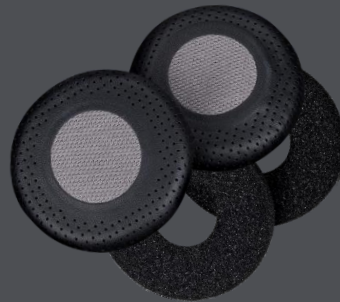

Culture Plus headsets, with instant wearing comfort, exceptional sound and great styling are an ideal introduction to your new communication culture and help to achieve rapid, sustained user adoption of your UC solution.

# User Focus

## Instant wearing comfort

Culture Plus headsets come with large, soft ear pads for instant wearing comfort.

The user has the flexibility to choose between light acoustic foam ear pads or soft, removable leatherette covers\* for maximum wearing comfort.

\* The soft, leatherette covers are mounted on the foam ear pads

## Easy call management

Simple and functional in-line call control unit for easy call management. It features:

- Answer/end a call
- Volume up/down
- Microphone mute
- Redial last outgoing call
- Reject incoming call\*

## Switchable Noise at Work limiter

On the call control unit you can also turn the advanced feature Noise at Work limiter\* on/off.

\*Available on SC 40/70 USB CTRL BLACK only

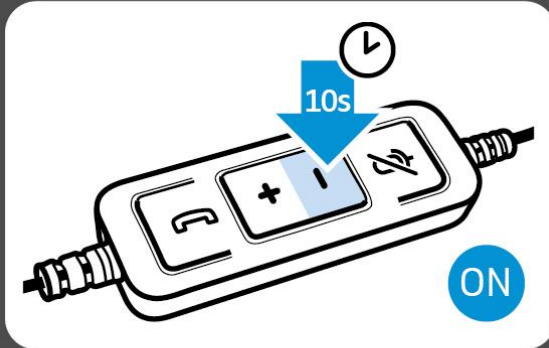

\*\*In compliance with EU's Noise at Work Directive (Directive 2003/10/EC)

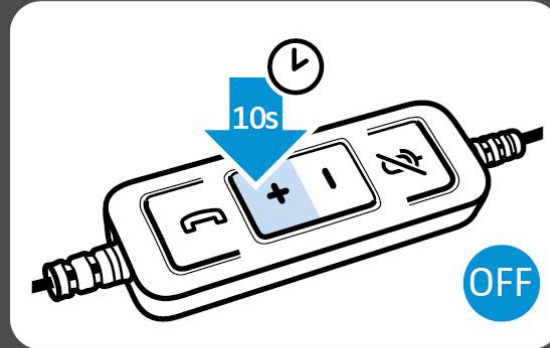

# EU Noise at Work limiter

How to turn on/off the EU Noise at Work limiter\*

Turning the EU Noise at Work limiter ON

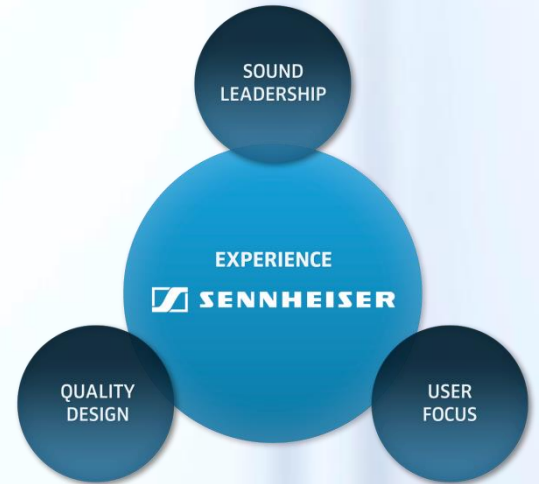

Turning the EU Noise at Work limiter OFF

\*EU's Noise at Work Directive (Directive 2003/10/EC)
